4 Types of abuse

4.1 As outlined above, all staff will be trained in indicators of abuse and should be able to recognise signs of abuse. We recognise that abuse, neglect and safeguarding issues are complex and can rarely be covered by one label. Abuse can take many forms and can involve directly inflicting harm on a child or failing to protect a child from harm online as well as face to face.

The four main types of abuse that staff are trained to recognise are;

- Physical abuse;
- Sexual abuse;
- Emotional abuse;
- Neglect.

4.2 Types of abuse (Taken from Keeping Children Safe in Education, 2021)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions

	<p>that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.</p>
<p>Sexual abuse</p>	<p>Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.</p> <p>The sexual abuse of children by other children is a specific safeguarding issue in education and all staff should be aware of it and of Parkgate Primary School, The Futures Trust's policy and procedures for dealing with it.</p>
<p>Child sexual exploitation (CSE)</p>	<p>CSE is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, (b) for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. The victim may have been sexually</p>

	<p>exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.</p>
<p>Neglect</p>	<p>The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.</p>

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's services (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should be available at all times, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from Children's Service and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 Parkgate Primary School, The Futures Trust recognises that any child can be the victim of abuse and may benefit from early help. However, Parkgate Primary School, The Futures Trust will be particularly vigilant to potential need for early help if a child;

- is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);

- is frequently missing/goes missing from care or from home;

- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is at risk of 'honour-based' abuse such as Female Genital Mutilation or Forced Marriage;
- is persistently absent from education, including persistent absences for part of Parkgate Primary School, The Futures Trust day.
- is a privately fostered child.²

4.7 Parkgate Primary School, The Futures Trust recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if Parkgate Primary School, The Futures Trust believes that a child is at risk of or is the victim of;

- bullying, including cyber- or online-bullying;

4.9 Child potentially at greater risk of harm

4.9.2 The Designated Safeguarding Lead will hold information relating to social workers working with children in the school.

4.9.3 This information will inform decisions about safeguarding and promoting welfare (including the provision of pastoral and/or academic support).

When Elective Home Education is the reason for this removal, the Local authority and other key professionals will work alongside Parkgate Primary School, The Futures Trust to coordinate a meeting with parents where possible ideally before a final decision is made.

4.12.4 We recognise that staff are well-placed to observe behaviour that may indicate that a child is experiencing a mental health problem, or is at risk of developing one. There are clear systems and processes in place for identifying possible mental health problems. If staff are concerned that a child is suffering a mental health problem, they should alert DSL/DDSLs and submit a written referral to the Overcoming Barriers Team or Dr. George Harris (Clinical Psychologist). All actions should be recorded in a timely fashion on CPOMS

4.12.5 If staff are concerned that a child is experiencing a mental health problem that is also a safeguarding concern, they must report this to the Designated Safeguarding Lead (or deputy Designated Safeguarding Lead) immediately.

4.12.6 Parkgate Primary School, The Futures Trust has a trained Mental Health First Aider (Overcoming Barriers Team Leader) and the Head, Deputy and Chair of Governors have all attended Mental Health First Aid training. Parkgate Primary School, The Futures Trust has a designated member of staff responsible for the promotion of mental health and wellbeing across Parkgate Primary School, The Futures Trust (Deputy Head).

On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead without delay. Although any member of staff can make a referral to Children’s Services where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to Children’s Services or to the police, they should inform the DSL as soon as possible.

5.3 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately;

- Any significant changes in attendance or punctuality;
- Any significant changes in a child’s presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or

- Any disclosures of abuse that children have made.

5.4 There will be occasions where a child discloses abuse directly to a member of staff. If this happens, the member of staff will;

- listen carefully to the child and believe what they are saying;
- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support;
- only ask for clarification if something is unclear and will not ask 'leading' questions;
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day;
- only discuss the issue with colleagues that need to know about it; and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have a discussion with the DSL prior to this.

5.5 The designated safeguarding lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child, or following a direct disclosure. The DSL may;

- Manage support for the child internally;
- Seek advice from the social worker advice line in the MASH;
- Instigate single agency intervention and work directly with the family to improve the situation;
- Offer an Early Help Assessment to provide multi-agency help to a family;
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if Parkgate Primary School, The Futures Trust is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but Parkgate Primary School, The Futures Trust believes that a child is at significant risk of harm, a referral will still be made to Children's Services.

5.6 For further information about the Coventry Safeguarding Children Partnership's 'Right Help, Right Time' guidance, which is used by Parkgate Primary School, The Futures Trust to make decisions about protecting children, please visit <http://www.coventry.gov.uk/righthelprighttime>.

5.7 See page 21 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, September 2021).

5.8 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL, but the legislation requires regulated health and Children's Service professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.⁴

5.9 Peer on Peer Abuse

5.9.1 Parkgate Primary School, The Futures Trust understands that both adults and other children can perpetrate abuse, and can happen inside and outside of school. Peer on peer abuse is taken very seriously. Peer on peer abuse can include bullying (including cyber-bullying, prejudice-based and discriminatory bullying), abuse in intimate personal relationships between peers, physical abuse, sharing of consensual or non-consensual images of videos, causing someone to engage in sexual activity without consent, sexual violence and/or harassment, upskirting, and initiation/hazing ceremonies. Parkgate Primary School, The Futures Trust recognise that safeguarding issues can manifest as peer on peer abuse.

5.9.2 All members of staff will be made aware of the school's policy and procedures with regards to peer on peer abuse. Parkgate Primary School, The Futures Trust will ensure staff understand what is meant by peer on peer abuse and the school's policy for dealing with incidents.

5.9.3 Parkgate Primary School, The Futures Trust will work to prevent peer on peer abuse by educating staff through training and dialogue and through the delivery of a bespoke PSHE programme utilising national programmes and resources e.g. NSPCC PANTS.

5.9.4 In the event that an allegation of peer on peer abuse is made, Parkgate Primary School, The Futures Trust will investigate this as outlined in the Peer on Peer Abuse Policy and Procedures.

5.9.5 In the event that an allegation of peer on peer abuse is made, victims and alleged perpetrators will be supported by:

For the child who has been harmed

The support they require depends on the individual child. It may be that they wish to seek counselling or one to one support via a mentor. It may also be that they feel able to deal with the incident(s) on their own or with support of family and friends. In which case, it is necessary that this child continues to be monitored and offered support should they require it in the future. If the incidents are of a bullying nature, the child may need support in improving peer groups/relationships with other children or some restorative justice work with all those involved may be required. Other interventions that could be considered

may target a whole class for example a speaker on cyber bullying, relationship abuse etc. It may be that through the continued curriculum of PHSE that certain issues can be discussed and debated more frequently.

If the child feels particularly vulnerable it may be that a risk assessment can be put in place for them so that they have someone named that they can talk to, support strategies for managing future issues and identified services to offer additional support.

For the child who has displayed harmful behaviour

In this circumstance, it is important to find out why the child has behaved in such a way. It may be that the child is experiencing their own difficulties and may even have been harmed themselves in a similar way. In such cases support such as one to one mentoring or counselling may also be necessary.

Particular support from identified services may be necessary through CAF/strengthening families/early help referral and the child may require additional support from family members.

Once the support required to meet the individual needs of the child has been met, it is important that the child receives a consequence for their behaviour. This may be in the form of restorative justice e.g. making amends with the child they have targeted if this has been some form of bullying. In the cases of sexually harmful behaviour it may be a requirement for the child to engage in one to one work with a particular service or agency (if a crime has been committed this may be through the police or youth offending service). If there is any form of criminal investigation ongoing it may be that this child cannot be educated on site until the investigation has concluded. In which case, the child will need to be provided with appropriate support and education whilst off site.

Even following the conclusion of any investigation, the behaviour that the child has displayed may continue to pose a risk to others in which case an individual risk assessment may be required. This should be completed via a multiagency response to ensure that the needs of the child and the risks towards others are measured by all of those agencies involved including the child and their parents. This may mean additional supervision of the child or protective strategies if the child feels at risk of engaging in further inappropriate or harmful behaviour.

Parkgate Primary School may also choose a consequence for the child, such as exclusion or internal exclusion/inclusion/seclusion for a period of time to allow the child person to reflect on their behaviour.

5.9.6 Parkgate Primary School, The Futures Trust will never pass off peer on peer abuse as 'banter' or 'part of growing up' and recognise that even if there are no reported cases,

such abuse may still be taking place. This should be a Zero-tolerance approach as this could lead to a culture of unacceptable behaviours.

5.9.7 Parkgate Primary School, The Futures Trust, is aware of more vulnerable groups to consider regarding Peer on Peer abuse. Vulnerable groups include: Our youngest children, those with Special Needs and those who are none verbal. We maintain an attitude of 'it could happen here'. Staff are aware that abuse is not always gender specific and can be between pupils of the same sex.

5.9.8 Parkgate Primary School, The Futures Trust will adhere to guidance set out in Keeping Children Safe in Education (2021) and Sexual Violence and Sexual Harassment in Schools (September 2021) when responding to incidents of peer on peer abuse.

5.9.9 All staff will be made aware that 'upskirting' is a criminal offence.

5.10 Sharing of consensual or non-consensual nude and semi-nude images or videos

5.10.1 "Sharing of consensual or non-consensual nude and semi-nude images or videos" refers to any sharing of youth-produced sexual imagery between children. This includes;

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

5.10.2 Parkgate Primary School, The Futures Trust has a responsibility to educate children in the risks relating to 'sharing consensual or non-consensual nude images or videos' and how to keep themselves safe online. (See Online Safety Policy/PHSE policy).

5.10.3 Any incidents or suspected incidents of 'sharing consensual or non-consensual nude images or videos' should be reported to the DSL without delay.

5.10.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include;

- Referrals to the MASH in regards to both peers (also the police if urgent response required);
- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, (January 2018);

- Support for young people involved to prevent reoccurrence;
- Sanctions in accordance with behaviour policy;

5.10.5 Any incidents of 'sharing consensual or non-consensual nude images or videos' involving the following will result in a MASH and sometimes a Police referral;

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;
- Extreme, or violent content;
- Immediate risk of harm.

5.10.6 Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.10.7 We will work with parents as necessary if their child is involved in the sharing of consensual or non-consensual nude images or videos.

5.10.8 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

5.11 Peer on Peer Sexual Violence and Sexual Harassment

5.11.1 Sexual Violence and sexual harassment, just like the above types of Peer on Peer abuse, can occur both in and out of school (online and face to face) between children of any age and sex and is never acceptable. This includes children from Primary school through to Secondary and higher. Examples of this are:

- rape;
- assault by penetration;
- sexual assault;
- causing someone to engage in sexual activity without consent;
- sexual comments including on social media;
- sexual jokes;
- physical behaviour;
- online sexual harassment;
- sharing of unwanted explicit content;
- upskirting;
- sexualised online bullying;
- sexual exploitation, coercion and threats.

All members of staff at the school maintain the attitude of 'It can happen here' to ensure all children are safeguarded. One way this is done is by addressing inappropriate behaviour (See behaviour policy). All staff understand that by not addressing this promptly, children's educational attainment may be impacted if the alleged perpetrator attends the same setting.

5.11.2 The school will reassure the victim that they are being taken seriously and will be support and kept safe. The Designated Safeguarding Lead (or deputy) will take a lead role on reports whilst using their professional judgement, and liaising with other agencies by following the below protocol;

- when possible, two members of staff will be present where the report includes an online element. Staff will not view illegal images of children;
- will not promise confidentiality as reports will need to be passed onto Children's Service (and in some cases, the Police);
- recognises that a child is more likely to disclose to a member of staff they have the strongest relationship with;
- an initial disclosure may be the first incident that is reported rather than a singular event;
- some children may face barriers to disclosing such as, additional needs, vulnerability, sex, ethnicity and possibly sexual orientation;
- will always listen carefully to the child whilst being non-judgemental;
- write up the factual parts of the disclosure as soon as the child has finished disclosing;
- liaise with the MASH (and police if urgent response required).

5.11.3 Nevertheless, the victim will never be given the impression that they are creating a problem by reporting sexual violence and/or harassment. Staff will be aware of the importance of challenging inappropriate behaviours; making it clear it is never accepted, tolerated and is not a part of growing up or banter.

5.11.4 In some cases, a risk assessment may be required but will be kept under constant review.

5.12 **Serious Violence**

5.12.1 All staff will be made aware of indicators, which may signal that children are at risk of, or are involved with serious violent crime such as absence from school, a change in friendship/relationship, a significant decline in performance, signs of self-harm or change in wellbeing, or sign of unexplained injury.

5.12.2 All staff will be made aware of the range of risk factor which will increase the likelihood of involvement in serious violence, criminal networks and gangs and understand the measures in place to prevent these.

5.12.3 All staff will have an awareness of Child Criminal Exploitation and behaviours linked to Child Criminal Exploitation. Further information about Child Criminal Exploitation can be found in paragraph 51 of Keeping Children Safe in Education (2021).

5.13 Searching, Screening and Confiscation

5.13.1 Where necessary, searching, screening and confiscation will be used to safeguard a child/children in Parkgate Primary School, The Futures Trust.

5.13.2 Parkgate Primary School, The Futures Trust adheres to 'Searching, Screening and Confiscation: Advice for Schools (January 2018).

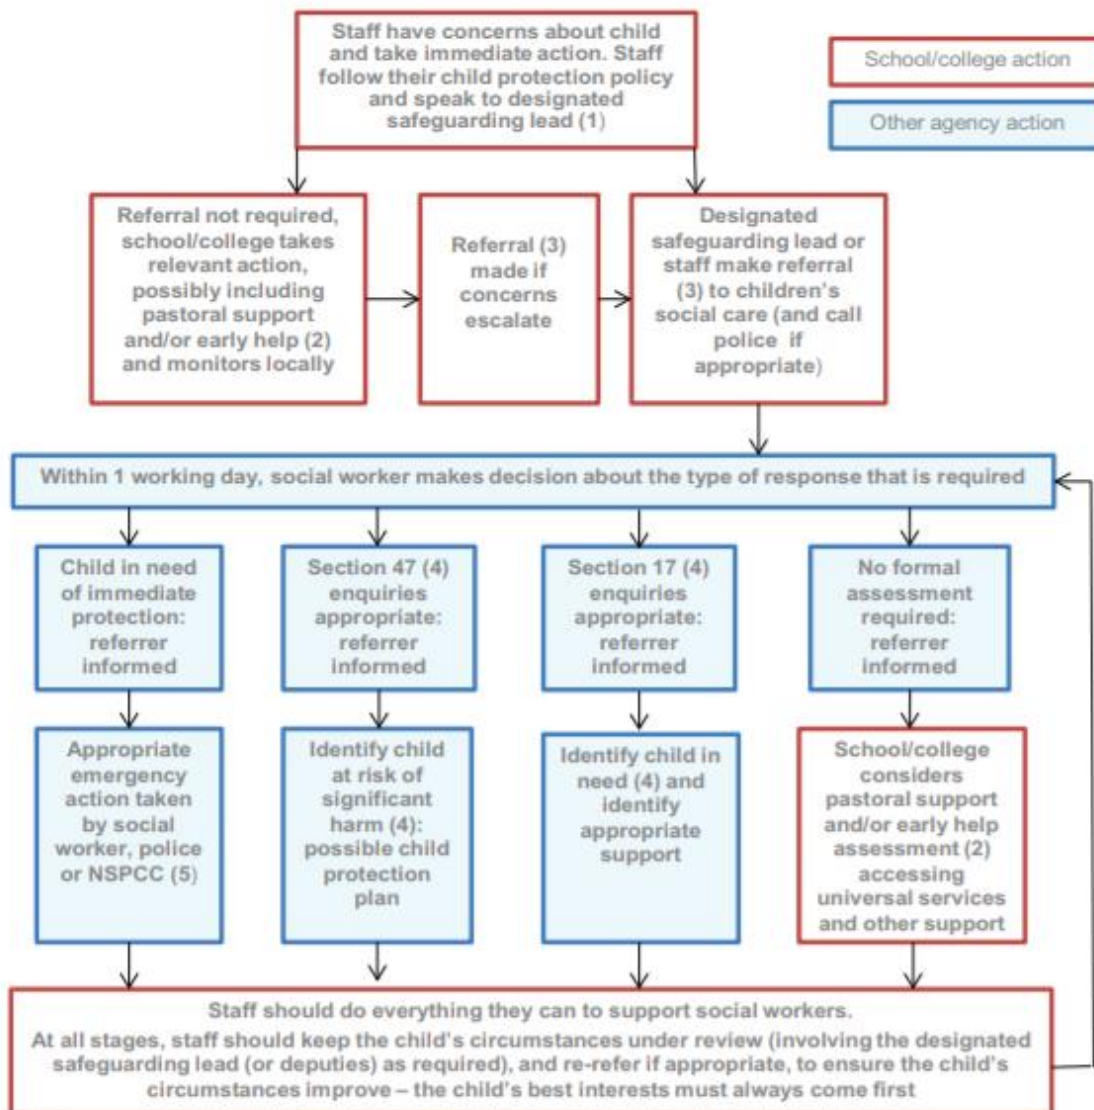

5.13.3 Please see searching, screening and confiscation policy for further information.

5.14 Extra-Familial Harm

5.14.1 Parkgate Primary School, The Futures Trust recognises that safeguarding incidents can be associated with factors outside Parkgate Primary School, The Futures Trust and may take place outside of school. We also recognise that safeguarding incidents or behaviours can occur between children outside of school. We will always consider contextual safeguarding factors when responding to safeguarding incidents.

5.14.2 All staff will be made aware that safeguarding incidents and/or behaviours can be associated with factors outside Parkgate Primary School, The Futures Trust and/or can occur between children outside these environments.

Actions where there are concerns about a child

- (1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part four of this guidance.
- (2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.
- (3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).
- (4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).
- (5) This could include applying for an Emergency Protection Order (EPO).

5.15 To raise concerns about children, members of staff should contact the Multi-Agency Safeguarding Hub (MASH) by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the MASH.

Parkgate Primary School, The Futures Trust will follow up referrals if we do not receive feedback from Children's Services.

MASH Telephone number: 02476 788 555

MASH online referral form: <http://www.coventry.gov.uk/safeguardingchildren>

Out of hours Emergency Duty Team: 02476 832 222

Prevent/Channel Referrals: Refer to MASH (mash@coventry.gov.uk) and to CTU_GATEWAY@west-midlands.pnn.police.uk

[5.16 If a child's situation does not appear to be improving following a referral, Parkgate Primary School, The Futures Trust may re-refer the child. We will also consider using the Coventry Safeguarding Children Partnership's Managing Professional Disagreements policy LINK UPDATED. to ensure that our concerns have been addressed and that the situation improves for the child.](#)

6 Record-keeping

6.1 Information will be kept confidential and stored securely.

6.2 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.3 Parkgate Primary School, The Futures Trust keeps all safeguarding files electronically, using a system called CPOMs.

6.4 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.5 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file. Once received by the new school, this school will not retain the information.

7 Photography and Images

7.1 Consent from parents to photograph children at school events for promotional reasons will be sought when the child joins the school. At the start of each new academic year, Data Collection forms are redistributed for parents to update with their preferences. There is an option for parents to inform the school of any changes during the academic year if they so wish.

7.2 Parents can withdraw consent at any time and must notify Parkgate Primary School, The Futures Trust if they do not wish their child's photographs to be used.

7.3 Photographs of children used publicly will not be displayed with their name or other personal information.

7.4 Photographs of children will be processed in line with the General Data Protection Regulation.

(See data protection policy, privacy notice, available on the school website)

8 Early Help

8.1 Parkgate Primary School, The Futures Trust is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who comes into contact with children and their families and carers have a role to play in safeguarding children. Parkgate Primary School, The Futures Trust works closely with its neighbouring family hub to work with families in the community to improve outcomes for children.

(Pathways Family Hub, West 1, Lawrence Saunders Road, CV6 1HD. 02476 978130)

Staff will be training in these areas in order to be able to further recognise if a child is at risk of harm.

10 Safer Recruitment

10.1 Parkgate Primary School, The Futures Trust is committed to providing children with a safe environment, in which they can learn. We take safer recruitment seriously and all staff are subject to the following checks;

11 Allegations of abuse against staff

11.1 Parkgate Primary School, The Futures Trust takes all safeguarding concerns and/or allegations against staff seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (September 2021) and the CSCP Guidance, [‘Allegations Against Staff and Volunteers’](#). [LINK UPDATED](#)

11.2 Allegations or concerns may include

- Staff having behaved in a way that has harmed a child, or may have harmed a child;
- Staff possibly committing a criminal offence against or related to a child;
- Staff behaving towards a child or children in a way that indicates that he or she may pose a risk of harm to children; or
- Staff behaving or possibly behaving in a way that indicates they may not be suitable to work with children (including behaviour outside of work). This is known as ‘Transferable risk’.

11.3 If a concern or allegation of abuse arises against the Headteacher, it must be reported to the Chair of Governors (Carol Blair) without delay. In the event that the Chair of Governors is unavailable due to illness or other circumstance, concern must be reported to the CEO of The Futures Trust (Peter Thomas) or directly to the Local Authority Designated Officer.

11.4 If a concern or allegation of abuse arises against any member of staff, supply teacher, volunteer or contractor other than the Headteacher, it must be reported to the Headteacher without delay.

11.5 Concerns or allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.6 The Headteacher or Chair of Governors should consider if the concern or allegation meets the threshold for Designated Officer intervention. The details of the LAdo can be found at the front of this policy.

11.7 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

11.8 If a child has suffered or may have suffered abuse or harm, a MASH referral will also be made.

11.9 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to Parkgate Primary School, The Futures Trust in managing the allegation.

11.10 A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post as a result of safeguarding concerns, or would have been removed if they had not have resigned.

11.11 Supply Teachers and all contracted staff

11.11.1 Although Parkgate Primary School, The Futures Trust does not directly employ supply teachers and contractors, Parkgate Primary School, The Futures Trust will ensure that any concerns or allegations are handled properly.

11.11.2 Parkgate Primary School, The Futures Trust will never cease to use a supply teacher for safeguarding reasons without liaising with the Local Authority Designated Officer and reaching a suitable outcome.

11.11.3 Governing bodies/proprietors will liaise with the supply agency to determine whether to suspend or redeploy the supply teacher whilst they carry out their investigation.

11.11.4 Parkgate Primary School, The Futures Trust will inform supply agencies of its process for managing allegations, including inviting the agency's human resource manager (or equivalent) to meetings and regularly updating agencies on relevant school policies. Parkgate Primary School, The Futures Trust will usually take the lead because agencies do not have direct contact with children or staff, so will not be able to collect facts.

11.12 Governors

11.12.1 If an allegation or concern is about a Governor, the school will follow local procedures and inform the CEO of The Futures Trust (Peter Thomas)

11.13 Volunteers

11.13.1 Risk assessments and a DBS check will be requested for all volunteers. Under no circumstances will a volunteer whereby no checks have been carried out will be alone with children or allowed to work in regulated activity.

11.14 Whistleblowing

11.14.1 Parkgate Primary School, The Futures Trust operates a culture of safeguarding and all staff should report any concerns about poor or unsafe practice, or the school's safeguarding processes to the senior leadership team.

11.14.2 The senior leadership team will take all concerns seriously.

11.14.3 In the event that a member of staff is unable to raise an issue with senior leadership in school, they should refer to Part 1 of Keeping Children Safe in Education for additional guidance on whistleblowing procedures.

12 Promoting safeguarding and welfare in the curriculum

- PSHE curriculum
- Protective behaviours
- PANTS
- Parent sessions
- SRE consultation
- Assemblies
- Termly Anti-Bullying Assemblies
- Wellbeing Family Group sessions

12.4 Education at home and remote learning

The remote learning offer and policy is available on the school website for parents. It is compliant with all statutory duties.

This has also previously been emailed to all parents and shared with governors.

A named Senior Leader has responsibility for the quality and delivery of remote education and is responsible for providing staff with high quality CPD.

School has a number of devices that are available to be distributed those learners who are unable to attend school and do not have any access to a device at home. Support is available for parents if required.

Where a child is not engaging in online learning, contact will be made initially through the Class teacher or Overcoming Barriers Team to ascertain the family circumstances. Where these cannot be addressed, through this forum, SLT will intervene.

Parkgate Primary School, The Futures Trust continues to operate under this policy and KCSIE/WTTSC when children are learning at home or at school.

13 Children Looked After

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. Parkgate Primary School, The Futures Trust recognises that children looked after may have additional vulnerabilities. The Designated Lead for Looked-After and Previously Looked-After Children is Zoe Brown

13.2 Staff will receive training on how to best safeguard children who are Looked-After and Previously Looked-After.

13.3 Parkgate Primary School, The Futures Trust will work with Personal Advisors when children leave care (where applicable).

13.4 Parkgate Primary School, The Futures Trust is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

14 Children with Special Educational Needs and Disabilities or physical health needs

14.1 As outlined in Keeping Children Safe in Education (2021), Parkgate Primary School, The Futures Trust is aware that children with additional needs or disabilities may be more vulnerable to abuse and additional barriers may exist when recognising abuse and neglect. This could be because;

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation or bullying than other children;
- the potential for children with SEN and disabilities or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.⁶

14.2 Staff will be trained in recognising signs of abuse in children with SEN and disabilities or certain medical conditions.

14.3 Staff will take into account the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENCO will be sought in these circumstances.

14.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

15 Use of reasonable force

15.1 There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is necessary.

Parkgate Primary School staff are trained in the use of 'Safer Handling'. This involves theory which covers de-escalation strategies and also a practical session that ensures the safety of the children and the adults if, as a last resort, physical intervention is required. All incidents are recorded thoroughly in the Bound book as well as on CPOMS. Any incidents of Safer Handling are reported to the Governing Body.
